Dear Colleagues,

The **IAEA** and **FORATOM** are delighted to inform you that the 14th Joint Workshop on Management Systems "Leadership and Management: From Standards to Practices" will take place on 12 - 15 December 2016 at IAEA in Vienna, Austria.

For participation please submit the [Participation Form](#) and for abstract submission more information can be found in the text box below.

*In particular, we would like to draw your attention to the 'Programme' section of the website. The organisers are actively seeking the submission of abstracts which will be considered for presentation during Day 4 (15 December) of the Workshop. This is an opportunity for you to present a real-life practical example (a success or challenge!) from your management system. We want to encourage you to present your experiences, since life is like (old) photographs: we learn from the past!! Further information about the submission procedure can be found on the [Abstract submission Form](#).
The extended deadline for abstract submission is 2 September 2016.*

The final Workshop programme and official registration will be available on the website from September 2016.
